TANG-SHAN IRON AND STEEL PLANT

The Tang-shan Iron and Steel Plant is located in the northern sector of Tang-shan at 39 38N - 118 11E. The plant consists of three blast furnaces, three probable side-blown converter shops, a slabbing/blooming mill, a rolling mill, a brick plant, and associated storage and support buildings.

The plant was observed on

The plant appeared quite active on all missions. The only apparent change observed was the removal of a large number of small, old fashioned blast furnaces.
